

Alabama's Travel Programs Heading For Another Record Year

Alabama's rocketing travel promotion and advertising program is heading toward another record year, travel industry men say.

Motels and hotels in the state are enjoying another season of gain in the ever-increasing number of travelers; the interstate highway system, a mixed blessing to the travel industry membership, has brought drops in attendance at a few travel attractions, but attendance overall is above that of 1967's record year. Travel literature inquiries in the state Bureau of Publicity and Information are counted in the hundreds of thousands. The majority of requests for Alabama travel information are generated by the out-of-state advertising campaign carried out in forty-six national magazines and thirteen out-of-state newspapers in the state's travel markets of the midwest, southwest and the neighboring southern states. Outdoor bulletins appear in the states of Florida, Georgia, Tennessee and Kentucky.

The state's lodging tax gain, part of which is earmarked for the travel promotion and advertising program, is 4.75% above the same fiscal period of October 1-May 31 of 1967. Travel literature requests numbered 312,336 through May, compared with 259,781 of the previous year. "The state's travel bar-

Warren E. White Assigned As A Repairman

Army Specialist Five Warren E. White, 25, son of Mr. and Mrs. Warren E. White, Route 4, Elba, was assigned May 28 to the Headquarters and Main Support Company, 2nd Maintenance Battalion near Vung Tau, Vietnam as an office equipment repairman.

Pvt. Ted Fillingim Completes 12-Week Course

Private Ted Fillingim, 18, son of Mr. and Mrs. E. Fillingim, Route 1, Jack, completed a fuel and electrical systems repair course May 10 at the Army Ordnance School, Aberdeen Proving Ground, Md. During the 12-week course, Pvt. Fillingim was trained in the operation and repair of fuel and electrical systems of the Army's combat vehicles, including the M-60 tank and the M-413 and M-414 personnel carriers.

TODAY'S PRESCRIPTION COULD VERY WELL BE TOMORROW'S HEALTH INSURANCE

Thanks to the germ-killing power of the antibiotics, doctors have been able to cut the mortality rate on many diseases. This Retail Drug Store carries the most important lines of antibiotics. Trust in us to give you swift service and to help you to better health at lower cost. Learn to depend on...

early results of the year's travel program and stated, "Coupled with our in-state promotions the out-of-state efforts add tremendously to the 1968 travel theme of 'Elm All About Alabama.' Alabama is fast becoming known as a vacation paradise and the travel industry membership is erasing the faint paths created in earlier years by those who considered it a 'drive through' area on the way to other states."

Another project of the Bureau is the recently completed thirty-minute, color film depicting attractions and events in Alabama, "Alabama Holiday" was over a year in production and will be released for showing in July.

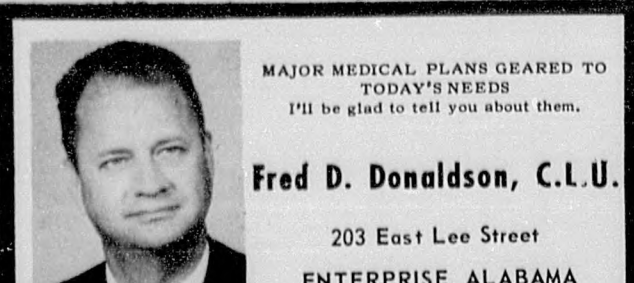

Martin J. Darity, Director of the Bureau of Publicity and Information, is equally pleased with the

DOC HOLLIDAY - JESSE JAMES... Major Jerry B. "Doc" Holliday, left of (801 Semmes St.) Memphis, Tenn., a distant cousin of the notorious gunman of the Old West, receives his helicopter flight instruction at Ft. Rucker, from "Jesse" James - officially known as Captain Charles James of Salem, Ore. "Doc" has his six-shooter and hat close at hand just to remind him of his Western heritage.

Head Start Program Began At New Brockton

Doctor Gets Research Grant

New grants totaling \$54,317 for the year beginning July 1 have been made by the American Cancer Society to the University of Alabama at Birmingham and Washington University in St. Louis with ACS support.

A program to "encourage new minds and new ideas to enter cancer research" will be supported by \$25,000 in funds made available to Dr. Charles D. Kochakian, University of Alabama at Birmingham, and chairman of the University's Cancer Research Committee.

The grant totaling \$54,317 was announced by Mrs. Lillian G. Meade, Birmingham, executive vice president, American Cancer Society, Alabama Division. Dr. Kochakian, who received his M. D. degree at the University of San Marcos in Lima, Peru, and his Ph.D. at Tulane in 1964, has worked together with Dr. Baugh at Tulane on the folate acid research, after which he returned to his native country, and came back to Alabama 10 months ago to renew his efforts with Dr. Baugh. His wife and two children moved with him to Birmingham.

The grants totaling \$54,317 were announced by Mrs. Lillian G. Meade, Birmingham, executive vice president, American Cancer Society, Alabama Division. Dr. Kochakian, who received his M. D. degree at the University of San Marcos in Lima, Peru, and his Ph.D. at Tulane in 1964, has worked together with Dr. Baugh at Tulane on the folate acid research, after which he returned to his native country, and came back to Alabama 10 months ago to renew his efforts with Dr. Baugh. His wife and two children moved with him to Birmingham.

The program under Dr. Kochakian takes in three areas: (1) pilot studies by promising young investigators; (2) grants to selected high school students, and (3) sponsorship

of visiting scientists and conferences.

WHAT IS HISTOPLASMOZIS?

It is a fungus infection of the lungs contracted by breathing contaminated dust. It is more likely to be found in rural areas than in urban, since this fungus affects animals also. It tends to be a comparatively mild, chronic, sickness. Most cases offer no serious problem.

It is dangerous to that it can be confused with tuberculosis and some people having it are afraid to go to a physician fearing a tuberculosis diagnosis. Never have any fear when visiting a physician. The least he can do is to help you live better and more comfortably.

YOUR DOCTOR CAN PHONE IN when you need a medicine. Pick up your prescription if shopping nearby or we will deliver promptly without extra charge. A small fee is charged for entrust us with their prescriptions. May we compound and dispense for you?

Coon-Wilson Betrothal Is Told

Mr. and Mrs. S. W. Coon announce the engagement of their daughter, Linda Lou, to Roger Wilson, son of Mr. and Mrs. Rex Wilson of Enterprise.

The wedding will be at 7 p.m. July 26 at Westside Baptist Church. Formal invitations are not being sent but all friends and relatives of the couple are invited to attend.

The bride-elect is the granddaughter of the late Mr. and Mrs. John Coon and the late Mr. and Mrs. T. W. Daugherty of Elba. She was graduated from Elba High School in 1967 and is presently a sophomore at Enterprise State Junior College.

The prospective bridegroom is the grandson of Mr. and Mrs. J. S. Wilson and Mr. and Mrs. Jeff Adkins of Enterprise. He graduated from Enterprise High School in 1965, attended Troy State University, and is presently employed at Ft. Rucker.

MISS LINDA LOU COON
Betrothed

Girl Scout Day Camp Opens

The Humming Hills Girl Scout Day Camp will be in session the week of June 24-26.

Approximately 70 girls (from Elba, Enterprise, and Geneva) will be participating in the activities. The following will work on the camp staff: Mrs. Betty Bottoms of Geneva, Mrs. Lee Reeves of Elba, Mrs. Leon Reynolds of Enterprise, all members of the Day Camp Committee; Mrs. Ray Hayes of Enterprise, camp director; Mrs. Syle Moore of Elba, business manager; Mrs. David Hagler of Enterprise, camp nurse.

Unit leaders are: Mrs. Stella Bludsworth, Mrs. Chris Johnson, Mrs. Ollie Martin, Elba; Mrs. Sue Tomlin, Miss Sandra Dickson, Mrs. Hoyt Nelson, Mrs. Charles Glimmer, Mrs. Frankie Ledding, Mrs. Bobbie Willis, Enterprise; Mrs. Betty Bottoms, Geneva.

De Vanes Are New Parents

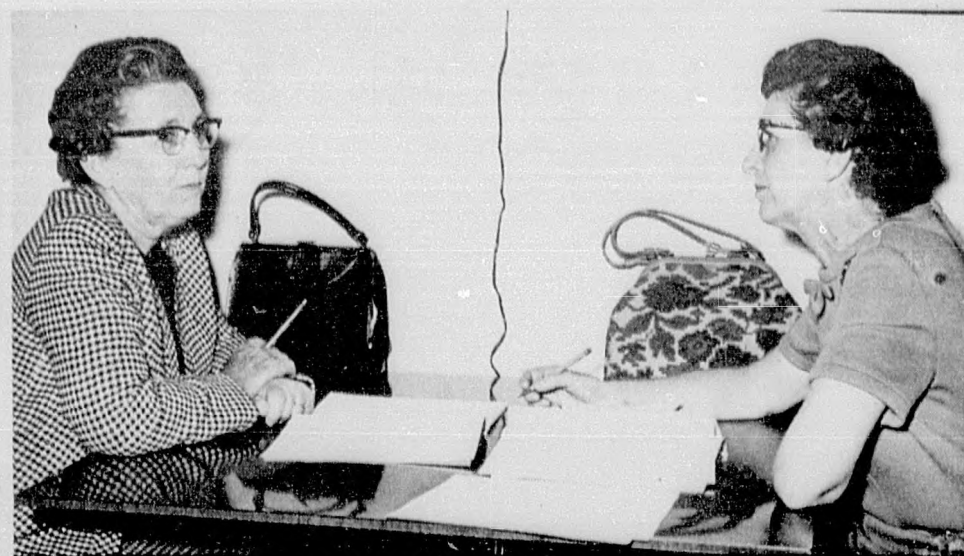

Mr. and Mrs. Joe Ben De Vane announce the birth of a daughter, Dana Mellicent, June 7 at Gibson's Hospital in Enterprise.

The grandparents are Mr. and Mrs. William H. Prescott of Elba and Mrs. Hilda De Vane of New Brockton.

The following will work on the camp staff: Mrs. Betty Bottoms of Geneva, Mrs. Lee Reeves of Elba, Mrs. Leon Reynolds of Enterprise, all members of the Day Camp Committee; Mrs. Ray Hayes of Enterprise, camp director; Mrs. Syle Moore of Elba, business manager; Mrs. David Hagler of Enterprise, camp nurse.

FOODS AND NUTRITION PLANNING COMMITTEE—County Extension Council Planning Committee on Foods and Nutrition are Mrs. Orell Parker, left, and Mrs. Robert Wise. This committee's responsibilities are to help identify nutritional problems in the county and plan programs to help solve these problems. One problem established was that homemakers lack time to prepare meals. Therefore, a program on preparing time-saving dishes is scheduled to soon be an extension club program.

ATTEND THE CHURCH OF YOUR CHOICE SUNDAY

SAFE...

A desperate run . . . a frantic slide . . . the feel of the bag against your cleats . . . the belated tag of the shortstop's glove. Then a voice, clear, certain . . . final!

And though the cheers may be laced with hoots and screams of disapproval, you're safe. And nothing can change that fact!

Equally dramatic — and far more important — is the adventure that brings earnest men and women into the Church.

There is a point when we realize the inertia of half-believing. We plunge forward desperately, leaving behind yesterday's skepticism, seeking frantically the Truth that promises meaning and purpose for our life.

Then there's the thrilling moment — the dust of worldly confusion still all around us — when we know in our hearts we have found our faith. And always, above the strains of the organ, even above the clamor of a world unconvinced, there is a Voice, clear, certain . . . final — confirming our Faith.

Small, Quiet Revolution Begins On The Road

The school term is over. A quiet and small revolution is about to begin. A State Bureau of Publicity traveling revolution, for instance, by 1976 there'll be 231 million Americans, an increase of over 100% and a disposable income of \$744 billion dollars, up 70%. Add to all this the effect of what the economists call the multiplier effect of the dollar and an enormous figure denotes the extra economic activity caused as these travel dollars pass from hand to hand.

If an area attracts just one couple a day, every day of the year, it would mean a visitor income of \$12,775 for the area. Just 100 couples a day—certainly not a large target if thought of in terms of the service needed to accommodate them—would mean an annual income of \$12.7 million. This expenditure would, in turn, cause employment of a trumpeted 127 and the subsequent effects. What's required to keep a visitor to Alabama longer than his average stay of two to two and a half days? Merely a manifestation of a trumpeted trademark of southerners: hospitality! A warm welcome and offers of assistance will do wonders. No new building is constructed, no bond issue needed be floated and there are no taxes to affix or raise!

Travel is Alabama's third largest industry and the state's rocketing travel promotion and advertising program is peaking toward the sixth consecutive year or record numbers of visitors and requests for travel information.

The state's 1968 travel theme is, "Tell 'Em All About Alabama!" Easy enough to carry through, because courtesy is more than just a word to our citizens.

Scott Advises Disabled Workers

"There are many disabled workers in this area who could receive Social Security payments by filing an application," states Mr. Harry N. Scott, District Manager for social security in Dothan.

Mr. Scott pointed out that many disabled workers still put off filing a social security claim for months, and some to social security for at least 5 years in the 10-year period before he became disabled. For persons 31 or younger, less work is required. Even though a person meets all the requirements, however, he must file a claim.

For more information about disability of any social security matter, get in touch with your district office located in the Federal Building, 100 West Troy Street, Dothan.

SCHOOL'S OUT! WATCH OUT FOR THE KIDS—Chevrolet has transformed the National Safety Council's driver reaction and vehicle stopping formulas into simple, visual arithmetic. Driving at 30 mph the normal stopping distance is 69-78 ft. At 40 mph the stopping distance is 108-124 ft. 50 mph is 160-186 ft. At 60 mph between 228 and 268 ft. are needed to bring the car to a straight-line stop on dry, level pavement. Remember—school is out. Kids often run from behind parked cars in residential sections. Drive defensively and keep the speed-stopping figures firmly in mind.

Truck Driver's 10 Commandments

Professional truck drivers throughout the country follow these "ten commandments" of the road: starting out, and periodically during each trip.

--Park all personal problems at the curb when starting to drive.

--When on the road, observe all state laws and respect the laws of nature governing momentum, deceleration, centrifugal force and gravity.

--Watch out for children and pedestrians.

--Don't tailgate. Keep enough distance between your vehicle and the one ahead to allow faster vehicles to pass. Make every proper effort to permit following traffic to pass on long grades and permit delayed traffic to pass at the top of a long grade.

--Never debate the right-of-way — give it!

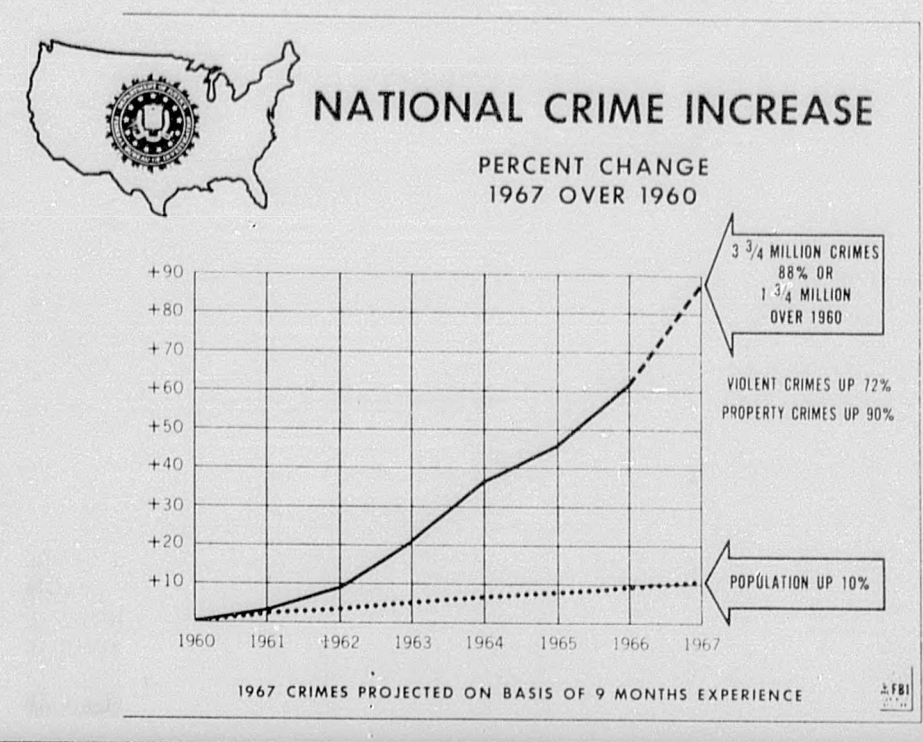

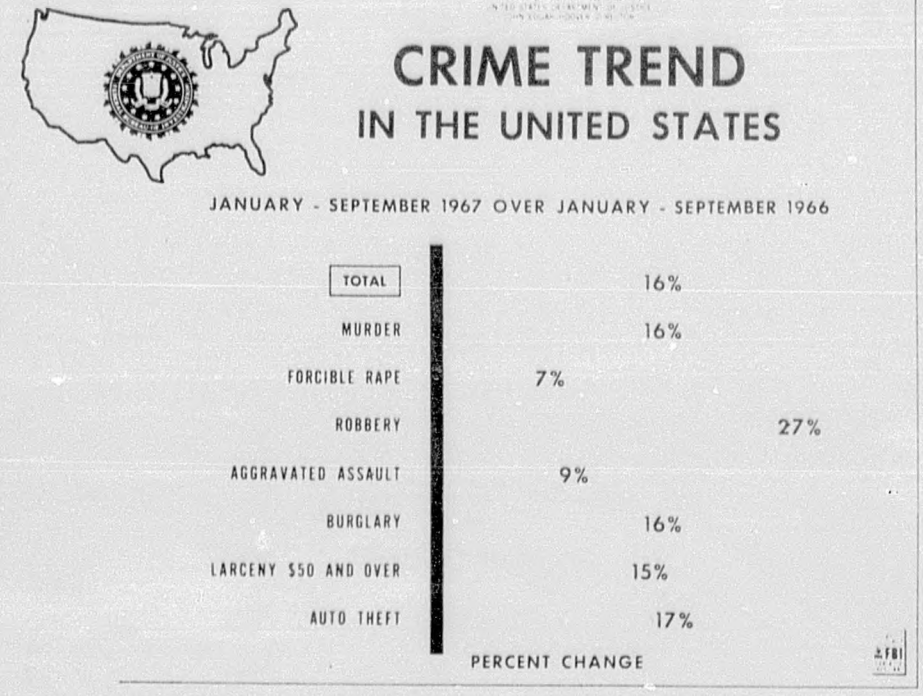

--Don't drink and drive. A drink while on the road or before starting a trip.

--Don't fight sleep. If drowsy, get off the road and take a short rest.

--Don't hesitate to slack off and be ready to stop the instant potential danger appears. Drive so that your vehicle is under control at all times.

--Give other motorists the breaks that you wish he'd give you.

FBI Releases Crime Statistics

DON'T YOU READ BEFORE YOU BUY?

Where but in print can you get so close to the advertising messages that interest you? Where else can a woman clip the coupons and recipes that intrigue her? Or tear out tips to try on lovers? Or mark, for future marketing, any of the colorful food ideas which strike her fancy? So make sure a good part of your advertising messages gets into print. Let somebody's eyes linger over it as long as they like. Let somebody's scissors clip it free of competition. And then watch somebody's pocket or purse carry it to the place of purchase. Print makes sense because print makes sales.

Alabama Angus Cattlemen Slate Field Day

A special field day for all Alabama Angus cattlemen, both youngsters and adults, is slated for June 29 at E. H. Horton's Macedonia Farms near Madison.

A highlight of the all-day event will be the state junior Angus showmanship contest to select the two top showmen in the state. These two youngsters will represent Alabama in the 2nd Annual National Junior Angus Showmanship Contest this August in Lexington, Kentucky.

Registration will start at 9:00 a.m. with the program scheduled to begin at 10:00 a.m. It will conclude with a meeting of the Alabama Angus Association at 3:00 p.m. Lunch will be courtesy of E. H. Horton, Jr., and the Alabama Angus Association.

Guest speakers will include Dean R. Hulbut, director of Junior Activities for the American Angus Association; Kenneth A. Clark, Eaton, Maryland; and Dale Runtion, Denver, Colorado.

Auburn Offers Curriculum In Food Science

There are four jobs waiting for every trained graduate in food science and technology, says Dr. Robert Terrell, Extension food scientist.

To help provide competent personnel for the food industry, Auburn University now offers a curriculum in food science. This program will provide the student with a knowledge of food chemistry and biology as well as business and commerce. Graduates should be qualified to work in research, sales management and distribution of food products.

As new products are developed and new processing techniques are applied, food processors normally experience growth and expansion in market outlets. For the high school graduate, such opportunities open doors for unlimited success," says Terrell.

FROM FBI DIRECTOR

THE STORY IS TOLD of a mythical young knight who rode out to encounter his first fire-breathing dragon. When he spotted the beast, he froze with fear. He closed his eyes and hoped that the monster would go away. He was wrong, of course, and the dragon devoured him.

We have on the loose in our country today a predatory monster called crime. It is growing in size and violence. Its far-reaching forages threaten every city and hamlet in the Nation, and it strikes fear in the hearts and minds of the law-abiding public. It is ripping away the very fiber of our society and our system of government.

The story of alarming crime increases each year is not a new story. It is old and it is true. One appalling aspect is the fact that many people in positions of responsibility continue to deny this truth. They prefer to close their eyes and hope that crime, if ignored, will go away. Here, as with the mythical young knight, this wishful approach is doomed to failure.

Concerted efforts have been made to minimize the seriousness of the crime problem and to explain away the shocking truths behind crime statistics. It is suggested that our population increase is responsible for a corresponding rise in the rate of crime, and that extensive population growth of the crime-prone young age group has not been taken into account in crime figures. Under close examination, as has been shown before, these arguments do not measure up.

For instance, our population increased approximately 10 percent from 1960 through 1967. During that period, the volume of serious crimes rose 88 percent. This crime outpace the population growth by almost 9 to 1. The young age group population, 10 to 17 years, climbed 22 percent from 1960 through 1967. Arrests of persons in this category for all criminal acts increased 72 percent during the same period.

We hear the claim that improved police reporting methods account for some of the rise in crime and that now citizens are more willing to report to police. These suppositions are weak. Actually, agencies which update their reporting systems are not included in the national trend totals until they have established at least two comparable years under their revised operations. This is done purposely to avoid any paper increase which might result in the change. As to more crime being reported to police, most persons would concur that armed robbery and murder, with isolated exceptions, are consistently reported year after year. Consequently, with minor fluctuations, the annual totals for these two crimes should remain fairly constant. Yet, in 1967, armed robbery increased 30 percent above the 1966 figure, and murder rose 12 percent.

Let us not forget that crime statistics are based on violations known to police. We know that there are untold acts which are not reported by citizens to police agencies. This will always be true. This factor was known to and recognized by the police administrators, social scientists, and experts on law and public administration who authored the Uniform Crime Reporting program in the late 1920's. The concept is not new, and the fact remains that the criminal justice agencies can only work with those offenses reported to them or detected by them.

The answer to our Nation's crime problem will be found in direct, positive action aimed at warning and hoping the problem will go away. A good beginning would be to let the guilty criminal know that when he is arrested, he will be promptly prosecuted and substantially punished for his misdeeds. A good time to begin would be NOW.

Mayor, City of Elba, Alabama.

Advertising Contributes To Economy

Charges that advertising is wasteful and that it raises consumer prices were refuted recently by Dr. Jules Backman, research professor of economics at New York University. He stated: "Advertising makes a major contribution to our national economic well-being and to the competitive nature of our economy."

"Competition in advertising is criticized as representing an economic waste," he said at a meeting of the Magazine Publishers Association. "The charge of large-scale waste in advertising amounts to a charge of large-scale waste in the economy as a whole."

Concerted efforts have been made to minimize the seriousness of the crime problem and to explain away the shocking truths behind crime statistics. It is suggested that our population increase is responsible for a corresponding rise in the rate of crime, and that extensive population growth of the crime-prone young age group has not been taken into account in crime figures. Cattfish Farmers Form Association

Cattfish farmers from Greenville and Houston, Georgia, Mississippi, Alabama, Oklahoma, Texas, Tennessee, Louisiana, Missouri and Arkansas have joined to form a production and marketing association.

An organizational meeting of the group was held April 29-30 in Greenville, Miss. The Association, officially named "Cattfish Farmers of America, Inc.," was established to aid members in the profitable production and marketing of catfish and to insure high-quality standards.

Cattfish Farmers of America, Inc. is the result of the organizational efforts of Gerald A. Harrison of Greenville and Houston, Georgia, Mississippi, Alabama, Oklahoma, Texas, Tennessee, Louisiana, Missouri and Arkansas have joined to form a production and marketing association.

26th ANNIVERSARY Major General Delk M. Oden, commanding general of Ft. Rucker, cuts the cake commemorating 26 years of Army Aviation during a special meeting of the Army Aviation Association of America. Over 200 people attended the recent meeting held at the post's Lake Lodge.

Needy Wartime Vets Qualify For Pension

Needy veterans with wartime service who are 65 years of age or older may qualify for a Veterans Administration disability pension without proving a specific disability, Neil R. Smart, Manager of the VA Regional Office in Montgomery, said.

For VA pension purposes, wartime veterans are considered by law to be totally and permanently disabled at age 65. This makes such veterans eligible for pensions at the rates authorized for other needy veterans who are totally and permanently disabled from causes unrelated to military service.

Currently, a veteran without dependents must have an annual income of less than \$1800 to be eligible for a pension, Smart said. The limit for veterans with dependents is \$5,000.

However, under a law signed recently by President Johnson, beginning January 1, 1969, all income limits are to be increased \$200 a year and most payments will be increased under an ascale computed by \$100 income increments.

Today, veterans without dependents receive monthly pensions ranging from \$104 a month (for income

under \$600 annually) to \$45 a month (for income ranging between \$1,200 and \$1,800).

For veterans with one or more dependents, pensions are from \$119 a month (for an annual income under \$1,000) to \$50 a month (for incomes between \$2,000 and \$3,000).

Under a law signed by President Johnson last summer, the Viet-Nam era is considered wartime service for non-service-connected disability pension purposes.

Veterans interested in more information should contact their nearest VA office, Smart said they should keep in mind that pension benefits are not related in any way to compensation to which a veteran may be entitled for disability relating to his military service.

No income limits apply to compensation payments, Smart said.

Fred Donaldson Key-Note Speaker At Convention

Fred Donaldson, C.I.U., of Enterprise was key-note speaker at the Georgia Association of Life Underwriters' State Convention held June 13th and 14th at Callaway Gardens, Pine Mountain, Georgia.

He received specialized instruction in small unit tactics and in firing such weapons as the M-14 rifle, the M-60 machine gun and the 3.5 - inch rocket launcher.

Grimes Receives Rank Promotion In Vietnam

Martine Lance Corporal Roy D. Grimes, 20, son of Mr. and Mrs. L. A. Grimes of 121 N. Cordelia St., Elba, was promoted to his present rank while serving with the First Marine Aircraft Wing in Vietnam.

His promotion was based on time in service and rank, military appearance, and his knowledge of selected military subjects.

A graduate of Elba High School, Lance Corporal Grimes entered the service in January 1967.

SURVEY IS MADE ABOARD BATTLESHIP

The University of South Alabama today released the results of a survey made aboard the battleship Alabama.

The survey indicated that the visitors considered three items to be of greatest interest, according to Professor E. R. Cimino who headed the work. The items were the awesome size of the ship, the big guns, and the Alabama's contribution to the war.

Over eighty percent of those contacted considered their visit worthwhile with above forty five percent stating that it was extremely worthwhile, less than one percent were dissatisfied.

MIDDLE AGED AT 27?

In 1950 when the average life expectancy was 54, a person 27 had lived half his life. Now thanks to amazing scientific discoveries, the average life expectancy is over 58 years.

Medical science has also made advances which permit longer life of today to be a healthier, more pleasant one.

See your doctor for the latest developments in medicine. If he should prescribe one of the new, reliable drugs... see us for the best prescription service possible.

LITTLE LEAGUE REPORT

The Yankees beat the Cardinals 2-0-7 in the first game Tuesday night. Mickey Marler was the winning pitcher.

Kenny Driggers and Ronnie Colvin scored the tying and winning runs in the last inning to give the Tigers a 3-2 victory over the Pirates. The Tigers took over first place with this win. Mike McGuire was the winning pitcher. Heath Bullard had two hits for the losers.

Freddy Hanchey's no hit pitching led the Cardinals to their first win in 14 games Thursday night. The first place Tigers were their victims 6-4. Charles Ellis had two hits for the winners.

The second game was another upset as the Yankees whipped the Pirates 11-9. Bill Mickle and David Smith had two hits each for the winners. Randy Muller was the winning pitcher. Ken Reeves had three doubles for the Pirates.

SBA Loans In Alabama Totaled \$17 Million

Small Business firms in Alabama obtained \$17,781,000 in business loans from the Small Business Administration in 1967. Senator Sparkman is the Chairman of the Senate Small Business Committee's Subcommittee on Financing and Investment.

who helped with many of the programs. This demonstrates that small businessmen in Alabama are on the move and intend to participate fully in this nation's economic growth.

In addition to the regular business loans, totaling \$14,021,000, Alabama firms received from the SBA \$4,000,000 in Economic Opportunity loans; \$354,000 in Displaced Business loans; \$2,481,000 in Economic Development loans; \$300,000 in financial aid from federally-licensed

small business investment companies, and \$24,000 in disaster loans.

Senator Sparkman announced that there will be several extra meetings days in July.

The Coffee County Board of Registrars announced that there will be several extra meetings days in July. These have been set for July 1, 2, 3, 4, 5, and 15. The first three days will be in Elba and the last three in Enterprise.

Deadline Nears For 'New Farm' Sign-Up

Farmers who would like to be considered for a "new farm" allotment for the 1969 crop of winter wheat on a farm which does not have a 1968 wheat allotment should get in touch with the ASCS county office during this month. Roy I. Ellis, Chairman, Agricultural Stabilization and Conservation Service County Committee, said, Applications for such allotments may be filed until June 30, 1968.

producer eligible to file such application is one with a farm for which no wheat allotment has been established and for which neither the owner or operator has an interest in the wheat allotment on any other farm, who has available land and adequate equipment and facilities for the successful production of a wheat crop on the

farm.

Bob was selected Honor Graduate and Distinguished Military Graduate. For this honor he received a trophy as the Honor Graduate, the Erickson Trophy as Distinguished Graduate, He also was presented the Ala. National Guard sabre.

He has been assigned as Information Officer with Division Headquarters in Montgomery.

He has been assigned as Information Officer with Division Headquarters in Montgomery.

Highway Patrol Report

Colonel Floyd H. Mann, State Director of Public Safety, stated that from 6:00 p.m., Friday thru 12 midnight Sunday, the Alabama Highway Patrol investigated 209 rural accidents with 97 injuries and 14 fatalities that occurred in the following counties - 4 each in Lee and Jefferson and 1 each in Blount, Jackson and Elmore. This brings the total killed this year to 396 compared with 360 at this time last year.

Statewide we have an increase of 36.

Colonel W. A. Hornsby, Dothan District Commander, stated that the eight county Dothan District troopers investigated 15 accidents with 11 injuries and no fatalities. So far this year 45 people have died in district traffic accidents compared with 39 at this time last year.

District-wide we have an increase of 4. The violations that caused these accidents were - reckless driving, speeding, driving drunk and inattention. 115 arrests and 157 warnings were made by the district troopers for these violations.

Colonel Mann stated that improper driving of one kind or another causes most accidents, but the drinking driver, young or old, have higher proportions of accidents than other groups.

A higher percentage of the innocent, not at fault, dead or injured drivers, were killed or injured by the drinking driver. This is further proof that the responsibility of the drinking driver is not only to himself, but to others as well.

All drivers should accept their responsibility to accept that.

For most of these kids this will be their only venture into organized baseball and they can't play any better than they can play or they'd do it. And the coach or fan or parent who embarrasses one boy ought to have to face Bob Gibson in front of 50,000 fans at Busch Stadium.

Winning is important and don't lose sight of that, but I don't think the score is one-half so important in retrospect as all the slide-bar fun and the little incidents that make it fun. The real success of a coach should

be measured by how much he can smile, how many encouraging words he can give a boy when he's confused or rattled.

A RULE OF THUMB

I'm no psychologist, but I think a certain rule of thumb of boy-handling can be made. Give a boy a sense of fitness, of belonging and impress him with the responsibilities that go along with that belonging and let him play his game for fun.

You've done a lot for the kids. You've put handsome uniforms on them, put them in lighted parks with fences and bases and umpires but don't forget that this was your idea, not the kids.

And don't forget that there are millions of good kids in jeans who could have a lot of sandlot baseball fun without you. I'm talking about a game of choose-up-baseball and play-until-mama-calls baseball.

Maybe I didn't learn as much playing that kind of ball, but I don't remember ever leaving the lineup crying. I don't remember hearing an adult yell "Dope!" when I was caught off base and I don't remember my legs shaking at home plate.

LIONS CLUB OFFICERS INSTALLED at the recent Ladies Night affair held at the Elba Country Club. The new officers were installed by Lions District President, Roy Schoffner of Enterprise.

Tom Casaday, Director B. T. Stanford, Secretary-Treasurer, J. D. Lowery, Directors Fulton Clark, Flournoy Whitman, Lloyd Crook, Past President Dr. M. V. Miles, incoming president Wilson Dyess and Shoffner.

Politics Simmer In Elba This Week

Elba City politics are running from Ward 1, thus far unopposed, Ray Trammell is expected by Charles Jacobs in Ward 2; Bob Folsom is unopposed in Ward 3 and Joe D. Morrow in unopposed in Ward 4. Sam Sawyer is unopposed for Councilman at large.

Incumbent Owen Zigler has repeatedly said that he was not going to run for re-election.

Pony League All-Stars To Play Brundidge

Recreational Director, Leon Atkins, has announced that the Elba Pony League All-Stars will play the Brundidge Pony League All-Stars on Monday evening, July 1st. The game will begin at seven and will be played in the Elba Little League Baseball Park.

Dr. Crook Promoted By U.S. Army Reserves

Dr. Donald H. Crook, of Elba, was recently promoted to the rank of Colonel in the U. S. Army Reserve. Dr. Crook, a veteran of 20 years in the Reserves is assigned to the 3345th U. S. Army Hospital Section 2, Montgomery.

In a letter to Colonel Crook, Commanding General Leonard S. Woody said, "This advancement in your military career is a tribute to your fine performance, as an Army officer."

Reading the promotion order to Colonel Crook is Unit Adjutant Captain Joe Duckworth of Montgomery.
